

UNIVERSITÀ DEGLI STUDI DI MILANO

RPMBT23

Announcing RPMBT-23

2026, Milan, Italy

RPMBT back to Italy

- **RPMBT-1** took place in **Trieste, Italy, in 1978** ... a long time ago ...

A picture of the first International Advisory Committee (IAC) ;-)

Cenacolo Vinciano, «The last supper»

... time to be back to Italy: RPMBT-23: will be in Milan!

The idea behind the RPMBT conference in Milan

- **Milan**: at the **center of a** geographical **region** that unites many² body research communities:

Some of them in order of distance: Bologna (210 Km), Trento (220 Km), Padua (235 Km), Lausanne (330 Km) and Trieste (400 Km)

“Local” organizing committee:

- Carlo Barbieri (Unimi, Milan) - Chair
- Giuseppe Carleo (EPFL, Lausanne, CH)
- Davide E. Galli (Unimi, Milan)
- Simone Montangero (Unipd, Padua)
- Pierbiagio Pieri (Unibo, Bologna)
- Alessandro Roggero (Unitn, Trento)

Hosting University: Università degli Studi di Milano

Università degli Studi di Milano, funded in 1924, is relatively a young and large university:

- essentially all types of degree courses
- more than 60000 undergraduate students

Ca' Granda

Hosting University: Università degli Studi di Milano

Università degli Studi di Milano, funded in 1924, is relatively a young and large university:

- essentially all types of degree courses
- more than 60000 undergraduate students

Physics Department «Aldo Pontremoli»

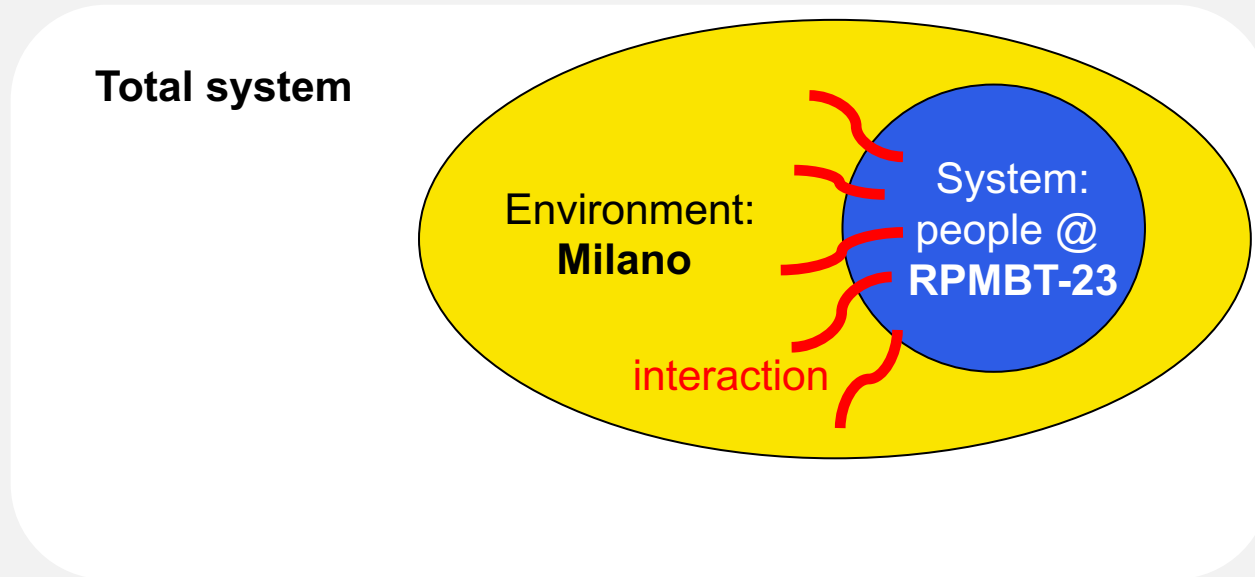

Ca' Granda

The **Physics Department**, situated in the Città Studi district, hosts a large number of research activities and is active in many-body theories, with groups in Solid State, Nuclear, Quantum Computing, and Statistical Physics

And now the environment ...

Milan ... a city that perfectly mixes history, culture and modernity

And now Milan

... a city that perfectly mixes history, culture and modernity

Sforza Castle

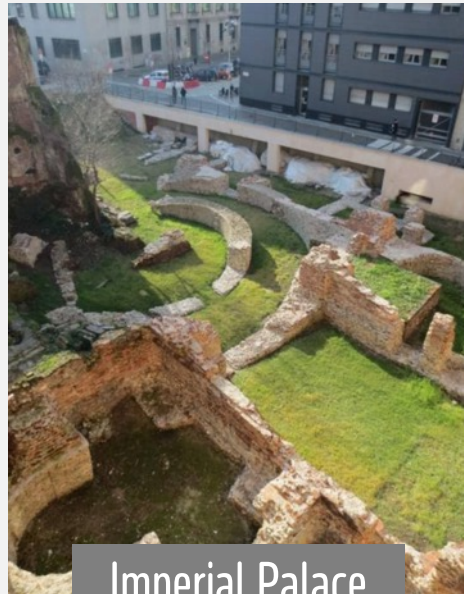

Duomo square

«City life» district

Basilica S. Ambrogio

Imperial Palace

Bosco Verticale in Porta Nuova District

Milano and the World

- Milan: a global center for fashion and design ...

Galleria Vittorio Emanuele, «fashion quadrilateral» corner

- Dates? In September we have to avoid crossing the fashion week!

Milano and the World

- Milan: a global center for fashion and design ...

- Dates? In September we have to avoid crossing the fashion week!

Milano and the World

- Milan: a global center for fashion and design ...

Galleria Vittorio Emanuele, «fashion quadrilateral» corner

- Dates? In September we have to avoid crossing the fashion week!

Brera Museum

Scala Theater

- Milan: a center of cultural and artistic expression

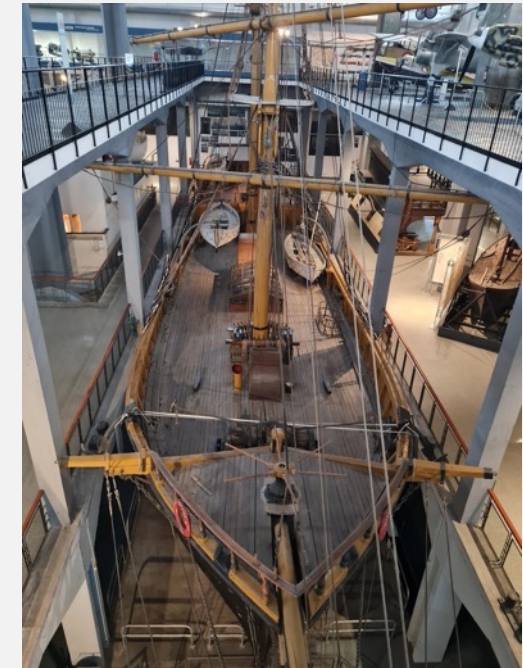

Milano and Culture

- "Leonardo da Vinci" Science and Technology Museum

Milano and Culture

- "Leonardo da Vinci" Science and Technology Museum

Sforza Castle

Milano and food

Camparino in Galleria

«Garibaldi» cocktail

Navigli

«Garibaldi» cocktail

Risotto

Cotoletta

Panettone

Reaching & staying in Milano ...

... to reach
downtown

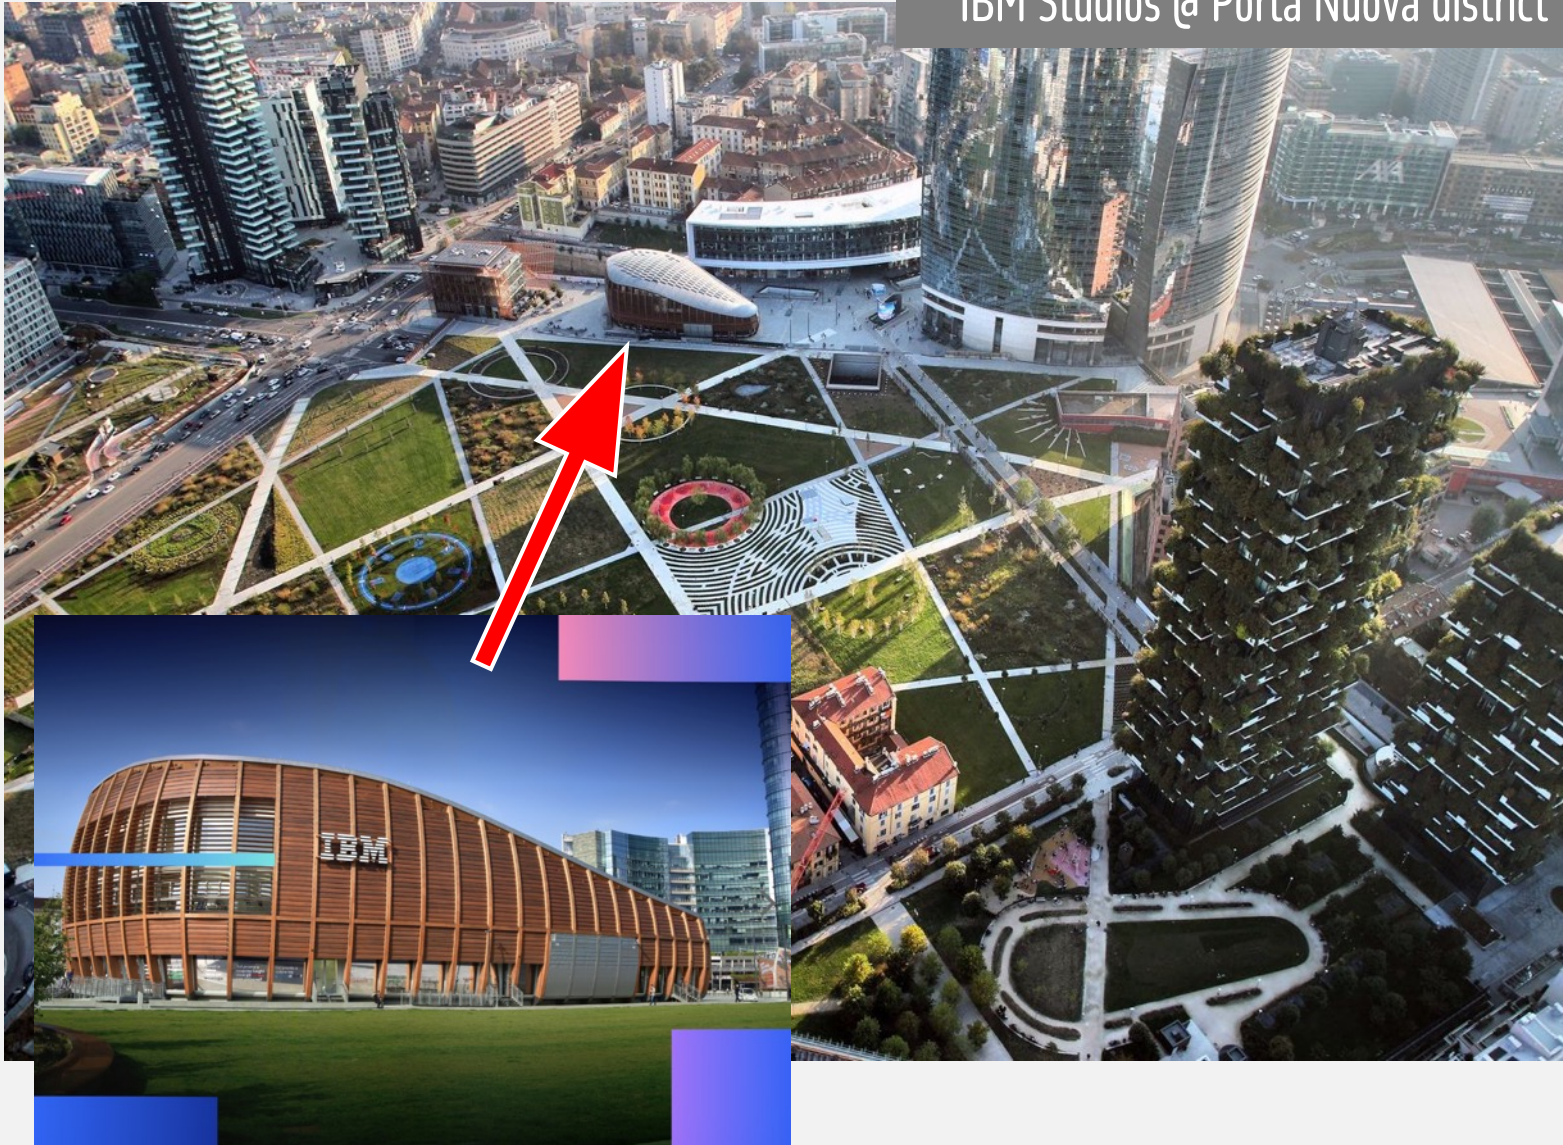

Milano Linate

- Milan offers all accommodation possibilities, from all categories of hotels to b&bs and hostels
- Accommodations and transportation network will further improve thanks to Winter Olympic games

RPMBT-23: possible venues

IBM Studios @ Porta Nuova district

RPMBT-23: possible venues

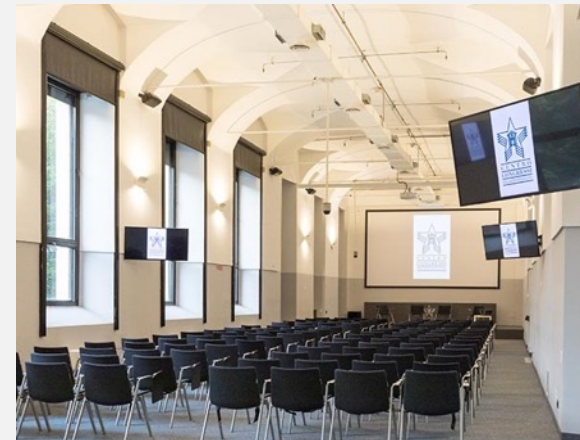

S. Maria delle Grazie

Cenacolo Vinciano

Palazzo delle Stelline

Possible venues: Università degli Studi di Milano

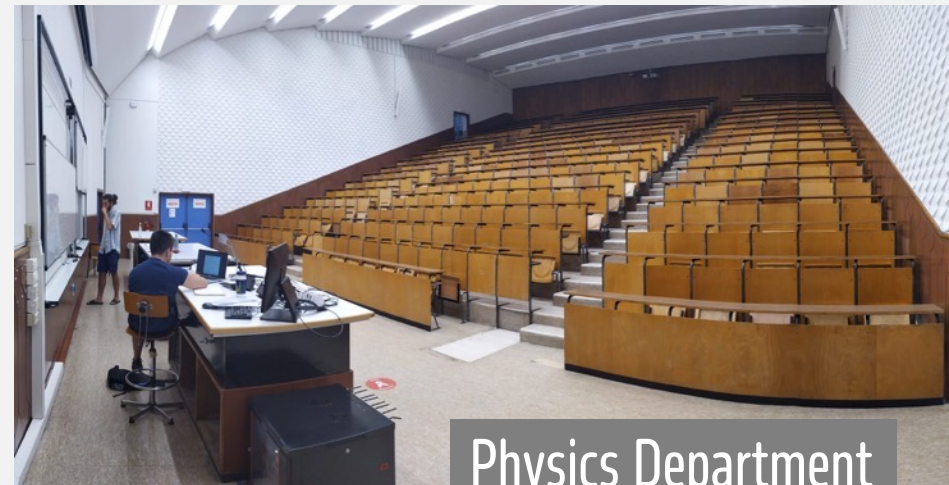

Ca' Granda

Aula Magna @ Ca' Granda

Informatics Department

Physics Department

3-days on quantum simulation and ML for quantum

Physics Department «Aldo Pontremoli»

- the week before
RPMBT23 conference

RPMBT23

Computational Laboratory @ Physics Department

Conclusions: see you at RPMBT-23!

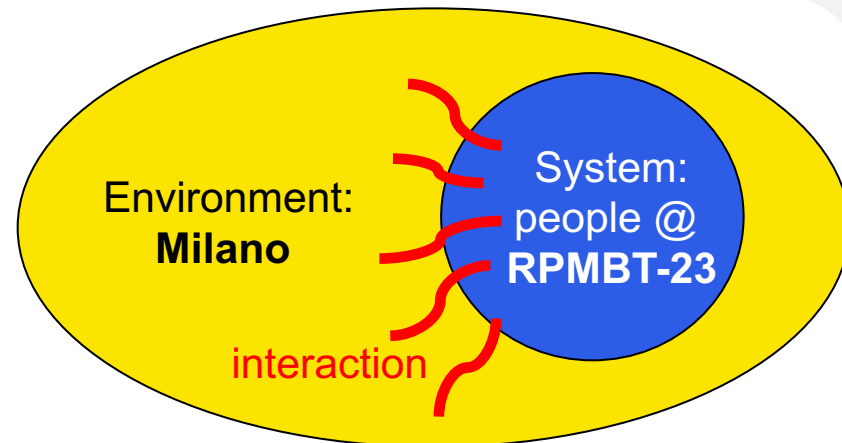

RPMBT23

23

- **Milano** will be just the environment ...
for news on progress in many-body theories we need you!

Total system

Conclusions: see you at RPMBT-23!

- **Milano** will be just the environment ...
for news on progress in many-body theories we need you!
- **Looking forward to see you in Milano!**
