Center for Computational Sciences, University of Tsukuba
Multidisciplinary Cooperative Research Program 2026
Guide for Online Application

The system utilizes the indico system, developed by CERN for conferences and meetings. Since "Proposal submission" is done with its function of "Abstract submission", you may find the word "abstract" in places which means "proposal/application" on this site.

Technical questions concerning the online submission should be sent to
    project-register@ccs.tsukuba.ac.jp

Proposal submission

Project leaders must follow the following instruction. There are three steps: "Preparation of application form", "Proposal submission", and "Member registration".

Preparation of application form

①   Download the MCRP proposal forms (MS WORD files) from
   https://project.ccs.tsukuba.ac.jp/e/MCRP2026
     After filling in the form, save it as a **PDF** file.

Proposal submission

②   Access to the online submission page (indico), https://project.ccs.tsukuba.ac.jp/e/MCRP2026.
Click on "Login" at the top right corner and login. If you submitted a proposal last year, you should have an account. If you are new, click on "create one here" and create your user account [Note 1].

③   Click on "Proposal submission", in the left menu and go to "Submit new abstract". You should note the followings:
     "Title": Project name
     "Contribution type": Select a category of the proposal (MCRP-L/M/S)
     "Authors": Project leader's name (Only one person). Find yourself from the "Search" button.
     "Track": Select a main field of the research proposal
     "Number of project members": Total number of project members including yourself.
     "Pegasus/Sirius: Project code": Enter the desired code name with capital letters and numbers within 8 characters. Enter the current code for a renewal project. If you do not use Pegasus or Sirius, enter "No" or "0".
     "Miyabi:" The same as Pegasus. If you do not use Miyabi, enter "No" or "0".
     "Have UTID-13?:" UTID-13 is required for Pegasus/Sirius, but not for Miyabi. If you plan to use Pegasus/Sirius, obtain a UTID-13 after your project has been approved.

④   Drop the **PDF** file of step ① onto "Attachments" and submit it online.

⑤   Record your proposal ID. This ID number, which is also written in the receipt email, is necessary for the member registration.

Note 1) Do not create an account more than one.

Note 2) Do not forget your registered email address. It will be necessary for future occasions including submission of the achievement report.

Note 3) During the period of proposal submission, you may modify the proposal anytime. From "Proposal submission" in the left menu, enter the project page, and click on the central button of this: Do not press "Withdraw" when you want to modify the proposal.

Field	Input	Annotation
Title *	Project title in English	
Contribution type *	No type selected	Select class (L/M/S/FPGA)
Authors *	**Authors** — There are no authors — **Co-authors** — There are no co-authors	Select yourself from "Search" Enter only the project leader
	Search Enter manually	
Comments	Leave here blank	
Attachments	Drag file here - or - Choose from your computer	Attach a PDF file here.
Track *		Select the research field
Email *		

Project leader's email address. This must be identical to that of your indico account.

| **Number of project members** * | | |

Including yourself (project leader).

| **Pegasus/Sirius: Project code** * | | If you do not apply for Pegasus, fill in "No" and "0". |

Project code name with capital letters of English alphabets and numbers, not more than 8 characters. Do not use special characters. For a renewal project, put the current code name. For a new project, put a desired one. If you neither apply for Pegasus nor Sirius, input "No".

| **Pegasus: Requested budget** * | | |

The upper limit: MCRP-L (80000), MCRP-M (20000), MCRP-S (5000). See "Call for proposals" for details. If you do not use Pegasus, input "0".

| **Pegasus: Requested disk capacity (TB)** * | | |

The upper limits: 400 TB (MCRP-L), 100 TB (MCRP-M), 25 TB (MCRP-S). Put "0" if you do not use Pegasus.

| **Sirius: Requested budget** * | | Fill in the following in the same way for Miyabi/Sirius. |

The upper limit: MCRP-L (50000), MCRP-M (15000), MCRP-S (3500). See "Call for proposals" for details. If you do not use Sirius, input "0".

Pegasus: Disk larger than the standard value? *

[Yes] [No]

If "Yes", fill out the application form with your need and estimate. The standard values: 25 TB (MCRP-L), 10 TB (MCRP-M), 3 TB (MCRP-S).

Sirius: Requested disk capacity (TB) *

[   ]

The upper limits: 240 TB (MCRP-L), 72 TB (MCRP-M), 16 TB (MCRP-S). Put "0" if you do not use Sirisu.

Sirius: Disk larger than the standard value? *

[Yes] [No]

If "Yes", fill out the application form with your need and estimate. The standard values: 15 TB (MCRP-L), 7 TB (MCRP-M), 2 TB (MCRP-S).

Miyabi project code *

[   ]

In case that you have a project code for a test use, enter the current project code. If you have none or do not use Miyabi, enter "None".

Node-hour product for Miyabi-G *

[   ]

The upper limit: MCRP-L (200000), MCRP-M (50000), MCRP-S (15000). See "Call for proposals" for details. If you do not use Miyabi-G, input "0".

Node-hour product for Miyabi-C *

[   ]

The upper limit: MCRP-L (30000), MCRP-M (8000), MCRP-S (2000). See "Call for proposals" for details. If you do not use Miyabi-C, input "0".

Miyabi: Requested disk capacity (TB) *

[   ]

The upper limits: 140 TB (MCRP-L), 36 TB (MCRP-M), 9 TB (MCRP-S). Put "0" if you do not use Miyabi.

Miyabi: Disk larger than the standard value? *

[Yes] [No]

If "Yes", fill out the application form with your need and estimate. The standard values: 10 TB (MCRP-L), 3 TB (MCRP-M), 1 TB (MCRP-S).

Have UTID-13 ? *

(●) Yes, I have UTID-13.
(○) No, I do not have one (Need to get it right after approval.)
(○) No, I do not need it (Project using Miyabi only).

University of Tsukuba Unified Authentication ID (UTID-13): If you use Pegasus/Sirius, you need UTID-13. See the page (Japanese, English)

required for Pegasus/Sirius, but not for Miyabi

UTID-13

[   ]

In case of "Yes", enter your UTID-13 here.
